

Why should *YOU* actively support Job's Daughters?

Every Lodge, Chapter, or Court can find members who joined because Job's Daughters demonstrated to them the principles, doctrines and benefits available to the members of that organization.

Job's Daughters is a
**Girls' Leadership
Organization.**

The members **learn
important life skills** through
**planning & participating in
service and fun activities.**

Membership is made up of girls between the ages of 10-20 who are related to a member of the Masonic Fraternity.

For girls who are around the ages 8 - 9, there is a premembership program available...Jobie-to-Bee.

Friendships, Self-confidence, FUN, Organizational skills, Responsibility, FUN, New experiences and Travel, are a few of the benefits. In addition to fun activities, responsible citizenship is encouraged through various **community service activities.** Members also support Job's Daughters International charity project, the Hearing Impaired Kids Endowment (HIKE Fund), raising funds to assist children in need of hearing assistant devices.

Look to our children for the future of the Masonic Order. Why not give them the future? A petition for membership makes a worthwhile gift to any young lady.
